

Peter Dumont, P.E.

Premier Resources Group (PRG)

Balancing long-term, strategic focus with tactical efficiency.

Peter has more than 23 years of engineering and construction experience developing and executing capital projects globally and running operations for EPC service organizations. He has worked in all phases of projects from early front-end planning through detailed engineering, procurement, and construction on projects up to \$30+B USD. Operationally, Peter grew his Canadian business profitably by 20% annually over multiple years. He has extensive experience in strategic business development, lean project delivery, productivity improvement, and business transformation. Active in various industry organizations such as CURT, where he recently served as President, Peter is a recognized thought leader and change agent who has thrived in both small, private companies as well as in large, multi-national, publicly-traded organizations.
